

The Great British Shooting Awards give recognition to the products, organisations and people that make our industry tick.

From cartridges to clothing, scopes to shotguns, the awards represent every corner of the market. Plus, dedicated categories showcase the achievements of the people who have really had a positive effect on the industry.

The 2021 winners have been revealed!

### **Night vision product of the year – Pard NV008P Night Vision Rifle scope**

The Pard NV008P Night Vision Unit sets a new benchmark amongst dedicated night vision scopes, with 1080P colour for daytime use and 1080P night-time viewing, mp4 video recording and fast change battery power and compact powerful illuminator, gives amazing value and performance for money. The scope comes supplied with a weaver rail mount to fit to your rifle, a choice of reticules and is well equipped to deal with vermin 24/7.

The performance of the PARD NV008P is superb, it can be used as an individual hand-held spotter or a dedicated rifle scope thanks to its detachable weaver/picatinny scope mount. The unit has been designed as a night/day rifle scope and offers the user excellent performance out to 200 meters with its on board IR illuminator.

### **FINALISTS NIGHT VISION PRODUCT OF THE YEAR**

- Pulsar Helion 2 XQ38F Thermal imager
- Pulsar Axion LRF XQ38 Thermal imager
- Sightmark Wraith HD Digital Rifle scope
- Pard NV008P Night Vision Rifle scope
- Zeiss DTI 3/35 Digital Thermal imager

**Great British Shooting Award Winner 2021**

Night vision product of the year – Pard NV008P Night Vision Rifle scope

The Pard NV008P Night Vision Unit sets a new benchmark amongst dedicated night vision scopes, with 1080P colour for daytime use and 1080P night time viewing, mp4 video recording and fast change battery power and compact powerful illuminator, gives amazing value and performance for money. The scope comes supplied with a weaver rail mount to fit to your rifle, a choice of reticules and is well equipped to deal with vermin 24/7.

Aren't all night vision scopes dedicated?

The performance of the PARD NV008P is superb, it can be used as an individual hand held spotter or a dedicated rifle scope thanks to its detachable weaver/picatinny scope mount. The unit has been designed as a night / day rifle scope and offers the user excellent performance out to 200 meters with its on board IR illuminator. If paired with a higher grade IR / Laser illuminator performance would be 250 meters depending on external conditions.
